The Helm Staff feels privileged to dedicate the 1959 Helm to you, Miss Della Herman, in appreciation for your untiring and zealous efforts in behalf of Bethel College. Around the campus, in your classes, in the library, at social activities--your smiling countenance and gracious spirit are known and respected.

As advisor to the Helm Staff for the past three years and the Class of '59 for the past three years, you have provided capable and willing guidance. For this we thank you.

In the Library your suggestions and help make our search for material easier and our studies more satisfying. For this too, we thank you.

Above all else, we appreciate your Christian influence in the classroom where you carefully and conscientiously seek to prepare us for service in an ever-changing and needy world.

Twenty student teachers practiced teaching in the schools of the South Bend-Mishawaka area. Through actual practice in the classroom under the supervision of experienced teachers they are professionally equipped to serve wherever their vocation leads them. The year 1958-1959 is a red-letter year since it is the year when Bethel became accredited to train teachers for teaching on the Secondary level.

## ***Gain Valuable Experience***

Professor V.K. Snyder always has time to counsel with one of his ministerial students.

Fifteen students participated during the first year of Bethel College's Pastoral Relations Program. Each student assists an experienced pastor and gains actual experience in pastoral work. In this way he is prepared to fulfill his call to the ministry.

# ***Spreading the Gospel through Service. . .***

In the Christian Service program of Bethel College, students regularly attend 30 different Sunday Schools and Churches to perform such services as Sunday School teacher or superintendent, Assistant Pastor, Youth Leader, Junior and Primary Church Leader, Song Leader, and Pianist. Beside their specific duties many of these students help in visitation activities and in many other ways contribute their talents to the church's program. There are 24 students teaching classes and 3 assisting teachers in 17 different Sunday Schools and 5 students have the responsibility of Superintendent for a department of the Sunday School. Ten students are engaged in Youth work in local churches, and seven students conduct primary or Junior Church services each week. Another capacity in which thirteen students are using their talent is as song leader or director of music; also, at least six students participate in church choirs. Other musical ability is exercised by five students serving as pianists and two as organists.

An average school year of Gospel Team work includes traveling 20,000 miles, participation in 200 services besides Sunday Schools with fifteen different denominations. This work is done by about forty students who participate as speakers, instrumentalists, or vocalists.

Miss Holdeman apportions the team assignments from week to week.

The school car is often the means of transportation for a team trip.

Tuckey challenged the prospective ministers with the importance of personal witnessing which is the result of an experience of full salvation. All of the activities in the two-day clinic were centered around the theme "To the King Eternal".

Convention speaker, Joe Jones.

November 13, 14, and 15 were the dates of the Missionary Convention. The Lord used Joe Jones, an alumnus of Bethel College just home from Japan, to inspire students and faculty to a life of dedication so complete that even those qualities distinctly individual are surrendered to Christ.
